For questions 2 and 3 special features or facilities to “meet the needs of the disabled person” must be essential or of major importance to the well-being of the disabled person by reason of the nature and extent of their disability, i.e. the disabled person would find it physically impossible or extremely difficult to live in the dwelling or health would suffer or the disability would become more severe without special facilities.

If YES, please use the following lines to state the type of room, how it meets the needs of the disabled person, how this is of major importance to them and the reasons why the original room within the property does not already meet their needs.

**COUNCIL TAX REDUCTION FOR DISABILITY - QUALIFYING CONDITIONS**

1. **Introduction**

If the property meets the conditions listed the Council Tax will be charged as if the property had been placed in the Valuation Band below the one it is in (e.g. a property valued as a Band D would be charged at the Band C rate. If the property is Valuation Band A then the Council Tax will be reduced by 1/6 of the Band A charge).

To qualify the property must:

a) be the sole or main residence of at least one person who is substantially and permanently disabled (whether by illness, injury, congenital deformity or otherwise)

b) contain one of the following special features or facilities -
   
   (i) a room (which is not a bathroom, a kitchen or a lavatory) which is mainly used (whether for providing therapy or otherwise) by, and is required for meeting the needs of, any disabled resident in the property; or
   
   (ii) a bathroom or kitchen which is not the only bathroom or kitchen within the dwelling and which is required for meeting the needs of any disabled resident in the dwelling; or
   
   (iii) sufficient floor space to permit the use of a wheelchair which needs to be used by the disabled person when they are indoors.
