# 2 Will there be any cumulative impacts as a result of the relationship between this proposal and other policies?

Yes	X	Νο
This F	Disturbance Allowance Equality, Diversity & Human Rights	Id be read in conjunction with the following policies: Policy

#### 3 Legislative Requirements

#### 3.1 Relevance to the Equality Duty:

**Do you believe your proposal has any relevance under the Equality Act 2010? Yes** (If you believe that your proposal may have some relevance – however small please indicate yes. If there is no effect, please enter "No" and go to Section 3.2.)

Equality Duty	Reasoning:
Elimination of discrimination (both direct & indirect), victimisation and harassment. (Will the proposal discriminate? Or help eliminate discrimination?)	This assessment shows that a range of checks and balances have been built into the proposed redundancy process which should minimise the risk of discrimination.
	It is explicitly stated in the Policy that any selection criteria used to determine who is made redundant will not be discriminatory on the grounds of a protected characteristic.
<b>Promotion of equality of opportunity?</b> (Will your proposal help or hinder the Council with this)	The Policy should allow promotion of equality of opportunity as it sets out a clear procedure that is applicable to all regardless of the protected characteristic identified with and is clear there will be no discrimination on the grounds of a protected characteristic
<b>Foster good relations?</b> (Will your proposal help or hinder the council s relationships with those who have equality characteristics?)	N/A

3.2 Which groups of people do you think will be or potentially could be, impacted by the implementation of this proposal? (You should consider employees, clients, customers / service users, and any other relevant groups)

This policy applies to employees.

Please tick below as appropriate, outlining any potential impacts on the undernoted equality groups, this proposal may have and how you know this.

	Impact			Please explain the potential impacts and how you

All protected characteristics including: Age, Gender Reassignment/ Transgender identity, Marriage/Civil Partnership, Race, Religion and Belief, Sex and Sexual Orientation		x		To avoid repetition all of the noted protected characteristics are considered in this response. This Policy should result in a positive impact on all employees regardless of their protected characteristic. It applies equally to all employees with no group having an advantage over another.		
				Where particular considerations are relevant for those who share protected characteristics these are noted below.		
<b>Disability</b> e.g. Effects on people with mental, physical, sensory impairment, learning disability, visible/invisible, progressive or recurring		X		The Policy/guidelines state that where an employee in the pool for selection is disabled, it will be ensured that they are not put at any disadvantage on account of the application of any selection criteria and the Council will accordingly make reasonable adjustments to the selection procedure to remove any disadvantage that the disabled employee would otherwise have. This should mitigate the risk that employees with a higher rate of absence due to a disability will suffer discrimination. It also means that a disability will be taken into account when objectively judging standards such as work performance and aptitude.		

<b>Maternity/Pregnancy (</b> Pregnancy is the condition of being pregnant/expecting a baby. Maternity refers to the period after the birth, and is linked to maternity leave in the employment context. In the non-work context, protection against maternity discrimination is for 26 weeks after giving birth)		x		The Policy/guidelines state that care will be taken to ensure that the selection criteria for redundancy will be fair and consistent and will neither be directly nor indirectly discriminatory for all employees and their associated protected characteristics. This includes attendance records excluding absence due to maternity, paternity or adoption grounds. This should bring some reassurance to these category of employees when faced with the prospect of redundancy.

## 4 Full Integrated Impact Assessment Required

Tick No if you have answered "No" to all of Sections 3.1 - 3.3.

#### Yes 🛛 No 🗖

If a full impact assessment is not required briefly explain why there are no effects and provide justification for the decision.

This is a review of the existing Redeployment Policy and Procedure. The Policy provides a procedure and guidance that when applied should ensure fairness in its application.

The context of this Policy is that the Council aims to ensure that when it becomes apparent that a redundancy situation may exist, the process is carried out in a fair and transparent manner, and that SBC will inform and consult with employees and recognised trades unions at the earliest reasonable opportunity.

The Policy promotes good practice by prominently stating that employees will be treated fairly and that the Council is committed to ensuring that discrimination does not occur.

Raising awareness of this Policy serves to meet the public sector equality duty of eliminating discrimination

Furthermore, In accordance with the Council's HR Policy Review Programme or as required by legislative requirements this Policy and its associated procedure will be reviewed at least every two years in order to ensure that it remains relevant and fit for purpose.
