3 NOTE: Not all issues received and discussed at the CAT oversight group meeting are taken on as actions by the CAT. Some actions may be more appropriately followed up and actioned by another service within SBC or by a partner organisation. Also some actions are tasked directly through Police Scotland so are not reflected in the figures above but show the impact the team is having in the Borders.

| During the quarter the CAT has<br>conducted targeted foot patrols<br>in the identified areas of concern.<br>On patrol, officers have engaged<br>with residents to gain a better<br>understanding of the problems and<br>gleaned intelligence in their areas. | Mobile patrols are regularly<br>carried out throughout the<br>Borders by the CAT. Some of these<br>patrols are intelligence led in<br>relation to disrupting drugs supply<br>or responding to information<br>received regarding vehicles<br>being driven by disqualified or<br>uninsured drivers. As a result of<br>these patrols officers have made<br>a number of drugs recoveries and<br>issued traffic tickets and reported<br>offenders. | The CAT have continued to conduct<br>static road checks on many of<br>our arterial routes. The visibility<br>of Police conducting these types<br>of checks has a positive effect on<br>road safety with speed guns often<br>being used to monitor speeds in the<br>smaller towns and villages.<br>Over the last three months the CAT<br>has worked closely with Roads<br>Policing colleagues in carrying<br>out some of these static road<br>checks. Additional road checks<br>were completed in attempts to<br>disrupt criminals travelling into and<br>targeting rural areas. | From completing mobile patrols<br>and static road checks several<br>motorists have been charged with<br>relevant road traffic offences with<br>fixed penalty tickets being issued<br>and drivers reported to court. | All Borders towns have received<br>attention in relation to dangerous<br>and inconsiderate parking with 209<br>parking tickets issued the quarter.<br>Officers have been completing<br>timed parking in our Main/High<br>Streets in response to concerns<br>raised. |  |  |  |  |  |  |
