

The Town Team responsible for the registration of the Duns Local Place Plan has become dormant. In the meantime, A Heart For Duns has set up a sub-committee to facilitate community-led development initiatives, with a remit for following up on the Local Place Plan and supporting local groups who want to further the project ideas in the plan.

The new contact email address is: communitydevelopment@ahheartforduns.org

The <https://dunsclp.uk> website and emails linked to the domain have been discontinued, a Community Development area has been incorporated into the A Heart for Duns website.
