

Scottish Borders Council

Equality Impact Assessment

	Title of Proposal:	Flexible working policy
3.1		

3.2	Service Area:	Human Resources
	Department:	

3.3	Description:	Scottish Borders Council (SBC) recognises that all employees need to achieve a balance between their home and their work in order to live and work healthily. This policy aims to provide ways of achieving that balance through flexible working practices. The purpose of this policy is to inform and provide the necessary information to employees of the options, the general conditions of eligibility and the application process with regard to flexible working patterns with reference to terms and conditions of service and employment legislation.

Impact Assessment Note:

3.4

SBC recognises that employees may wish to request flexible working arrangements for a variety of reasons, and is committed to facilitating such opportunities wherever the employee's preferred working arrangements can be balanced with the business needs of SBC an its commitment to providing a quality service.

The policy provides managers and staff with a clear policy framework for the management of flexible working. Given the detailed process outlined in the policy it is hoped that any concerns or issues are addressed as timely as possible to minimise or remove any impact on our employees.

Equality Characteristic	Impact		t	Description	Mitigation & Recommendations	
	No Impact	Positive Impact	Negative Impact			
Age (Older or younger people or a specific age grouping)		X		This policy is intended to ensure fair treatment for young and older people who may experience the need to apply for flexible working in order to manage caring responsibilities and worklife balance. The impacts are likely to be positive.		
Disability e.g. Effects on people with mental, physical, sensory impairment,		X	X	Potential positive impact for employees with disabilities where adjusting their work pattern might help them to continue to work. Although the policy makes mention of protection for those with a	Strengthen policy to explicitly

Gender (Males, Females, Transgender or Transsexual people)		x		This policy is consistent in its approach to the management of flexible working regardless of the employee's gender. Additionally the policy includes specific detail for part time working/job share which can be requested by both male and female employees ideal for example retuning to work after maternity/paternity/adoption leave.	Link /reference flexible worki to Maternity/Paternity/ Adoption policies	
Race Groups: including colour, nationality, ethnic origins, including minorities (e.g. gypsy travellers, refugees, migrants and asylum seekers)		X		It is not considered that this policy would have an impact on people of different racial groups. However, where different racial groups face specific cultural necessities which may require a different working pattern, the policy will provide a mechanism to consider meeting this need.

Poverty (people who are on a low income including benefits claimants, people experiencing fuel poverty, isolated rural communities etc)	X		This policy is consistent in its approach to the management of flexible working regardless of an employee's social status/health inequalities.	
Employees (those employed by the Council including full time, part time and temporary)	X	х	This policy is consistent in its approach to the management of flexible working regardless of an employee's employment status. It should be acknowledged that operation of the scheme can lead to some employees feeling resentful towards each other eg if some take the opportunity to leave early and others have to cover their work. Therefore it is managements responsibility to ensure scheme is operated fairly and in line with business need. It is thereforemanagement responsibility to ensure Council's commitment to equalities is communicated to all.	Council's commitment to equalities is communicated to all along with the benefits tha flexible working can bring.

3.5	Relevance to the Equality Duty in Summary:			
	What impact will your proposal have on the following :			
	Equality Duty	Reasoning:		
	Elimination of discrimination (both direct & indirect), victimisation and harassment.	This policy covers all employees across the organisation and aims to treat everyone fairly regardless of protected characteristic. It seeks to ensure that there are no barriers to anyone accessing and making use of the policy and related procedures. Support measures have been put		

	in place throughout the policy to ensure that no one receives unfair	
	treatment due to their protected characteristic – this includes support from the HR and the Employee Assistance Programme (PAM).	
Promotion of equality of opportunity?	The policy as a whole seeks to advance equality of opportunity for and	
	between different protected groups. Equality monitoring of requests	
	for flexible working is soon to be undertaken in support of ensuring	
	equality of opportunity is consistent within SBC	
Foster good relations?	The purpose and intended outcomes of this policy do not seek to fost good relations between and across protected groups. However, SBC has a range of other policies that help bring people together. For	
	example Equality Training, Equality, Diversity and Human Rights Policy, and Equality Outcomes contained with the Mainstreaming Report.
