

2020 Inspire Awards nomination form

Scottish Borders Council, Scottish Borders Youth Voice, Volunteer Centre Borders and YouthBorders are working in collaboration to acknowledge the achievements and successes of young people in the Scottish Borders in 2020. It has been a challenging year but we want to recognise and celebrate the contribution of young people in our communities.

We want to hear from you, so that together we can shine a light on the young people within our communities who have been going over and above to help and support those around them. We believe these young people deserve to be thanked, recognised and celebrated!

Making a nomination

Anyone can make a nomination, but nominees must reside in the Scottish Borders and be between the ages of 12 and 25.

Nominations must be submitted by Friday 6 November 2020.

In previous years the Inspire Awards has been an evening of celebration with an event taking place in Galashiels. Unfortunately, this will not be possible in 2020, due to COVID-19, instead we will be recognising and celebrating young people's contributions with special 2020 Inspire Awards Certificates, which will be posted directly to young people.

New for 2020 will be our public celebration of "20 under 20" – sharing the inspiring stories of 20 young people aged under 20 from across the Scottish Borders. This will take place on our social media platforms during December.

In previous years the Inspire Awards have used various categories for nominations, but this year we are open to a wide array of entries, as achievement, value and impact this year may come in all different forms! We are therefore not asking for specific categories on nominations, however, we have still included a useful list of examples, which you may use to nominate young people:

- **Resilience:** A young person or group who have displayed excellent resilience, practicality or helpfulness to the community.
- **Culture:** A young person or group who have displayed a creative talent or have made a meaningful contribution to Scottish culture and arts.
- **Education:** A young person or group who have made a meaningful contribution to decision making within education and learning.
- **Enterprise and regeneration:** A young person or group who have contributed innovative ideas and entrepreneurial skills to the local economy or have been working towards making Scotland a greener and more pleasant place to live.

- **Equality and discrimination:** A young person or group who have taken the lead in challenging all forms of prejudice and discrimination.
- **Health and wellbeing:** A young person or group who have been working towards making sure young people have the chance to lead healthy, active lives and understand the importance of mental health and resilience.
- **Participation:** A young person or group who have made a meaningful contribution to influencing decision making which affects young people’s lives locally or nationally.
