Question 6**Agree?:**

The proposal for housing in Eshiels is ridiculous. There is not enough space at Peebles High School for more children, and there is already major delays in medical appointments in Peebles without increasing the population size.

Planning for housing**Question 7****Housing agree?:**

The proposal for housing at Eshiels is completely ridiculous. With resources in Peebles already strained before having an extra 200 houses. Will there be a new primary school built? Will Peebles High School suddenly be pushed to the top of the list of school that need redone in the borders? Will there be extra funding for the health care services which are already struggling? Unless the answer to all three of those questions is yes then there it is completely unrealistic to expect an extra 200 families to somehow just fit into a community which is already pushing resources to the limit.

The Borders is known for its vast grass fields and rolling hills, by adding all these houses Peebles and Cardrona will be inadvertently forced together while simultaneously wiping away the grass fields that make the Borders so special.

There is no room in Peebles or the surrounding area to cope with the number of houses proposed.
