Question 6

Agree?:

We do not agree with the proposals to build several hundred houses at Eshiels, if its anything like the Cardrona development which I supported originally for 220 houses the number will treble as is happening at there. Even if the number is restricted to 240 Peebles cannot cope there will be at least as many cars as houses and as you are well aware Peebles is bursting at the seams.Schools,surgeries,the care system,parking and infrastructure will all be even more under pressure than at the moment.

We understood Glentress was to be promoted as a great tourist attraction.How will a large housing scheme be a magnet for tourism! Why is it proposed to build so many in the Peebles area! Surely there are plenty of other towns that could stand development.The impression we get is that the developers are pushing for more housing in the Peebles area.

Question 7

Housing agree?:

We do not agree there should be any large scale developments out with the town boundries. We would not object to brown field sites being developed within the town along with industrial premises if possible.
