# SCOTTISH BORDERS COUNCIL ACTION PROGRAMME

BACKGROUND DOCUMENT

# CONTENTS

## ACTION PROGRAMME

1. INTRODUCTION
2. KEY STRATEGIC PROJECTS AND MAJOR INFRASTRUCTURE PROPOSALS
3. KEY AREAS FOR CO-ORDINATED ACTION WITHIN SETTLEMENTS
4. DEVELOPMENT OF ALLOCATED SITES WITHIN THE LOCAL DEVELOPMENT PLAN
5. POLICY MONITORING
6. SUPPLEMENTARY PLANNING GUIDANCE
7. PLANNING BRIEFS
8. DEVELOPMENT MONITORING

## TABLES

TABLE 1: KEY STRATEGIC PROJECTS AND MAJOR INFRASTRUCTURE PROPOSALS

TABLE 2: KEY AREAS FOR CO-ORDINATED ACTION WITHIN SETTLEMENTS

TABLE 3: DEVELOPMENT OF ALLOCATED AREAS

TABLE 4: POLICY MONITORING

TABLE 5: PREPARATION OF PROPOSED/UPDATED SUPPLEMENTARY PLANNING GUIDANCE

TABLES 6a to 6e: PREPARATION OF PLANNING BRIEFS/MASTERPLANS

TABLE 6a: HOUSING SITES

TABLE 6b: BUSINESS AND INDUSTRIAL SITES

TABLE 6c: MIXED USE SITES

TABLE 6d: REDEVELOPMENT SITES

TABLE 6e: LONGER TERM SITES AND MASTERPLANS

TABLE 7: DEVELOPMENT MONITORING

## 1. INTRODUCTION

---

- 1.1 The purpose of this Action Programme is to set out how Scottish Borders Council proposes to implement the Local Development Plan (LDP). The Planning etc. (Scotland) Act 2006 requires that all Development Plans should contain an Action Programme. The Action Programme is updated every two years to ensure it remains current and up to date.
- 1.2 This Action Programme has been prepared to support the delivery of the LDP and it is considered to be a useful tool in driving forward the plan strategy through to its implementation.
- 1.3 The Action Programme sets out, where possible:
- The identification of LDP proposals which require implementation and monitoring
  - The key actions required to deliver policies and proposals
  - A progress update for each of the proposals
  - A timescale for when it is anticipated the identified action will be carried out, and
  - The parties who will take the lead on the delivery of the identified action
- 1.4 The LDP will provide firm guidance up to 2026. Although the Action Programme makes reference to proposed timescales for the delivery of certain works where possible, the majority of identified actions are generally proposed within the five year period from adoption of the Plan. It will be subject to monitoring to ensure progress is maintained and updates are made where required. The Action Programme also seeks to consider if any new actions are identified to be addressed.
- 1.5 The delivery of the Plan can be achieved within the following stages:
- Enabling and facilitating development of the identified site proposals
  - Targeting of resources towards identified priorities and infrastructure
  - Monitoring and implementing the policy context of the Plan through development management decisions, negotiations and the preparation of relevant Supplementary Planning Guidance and Planning Briefs

- 1.6 The Forward Planning Team will continue to work with other departments within the Council including Economic Development and Estates to promote allocated sites within the LDP. This will be through the Scottish Borders Council website and regular stakeholder meetings with the aim to increase public awareness and developer interest.

### Development of the Action Programme

- 1.7 The Action Programme has been prepared in consultation throughout the LDP process with input from officers within Scottish Borders Council as well as discussion and consultation with various stakeholders including Scottish Water, Scottish Environment Protection Agency and the National Health Service.

### Contents of the Action Programme

- 1.8 The Action Programme has been split into seven key parts identifying areas of work to be carried out to help enable the effective implementation of the Plan. These parts comprise of the following:

- ***Key Strategic Projects and Major Infrastructure Proposals (Page 5)***  
Details key projects and major infrastructure proposals to be carried out and issues to be addressed to ensure implementation.
- ***Key Areas for Co-ordinated Action within Settlements (Page 9)***  
Whilst a number of specific actions will be required to enable development across the Scottish Borders, this section identifies settlements where key areas of co-ordinated action must be carried out.
- ***Development of Allocated Sites (Page 10)***  
Details of the larger allocated sites for housing, redevelopment, redevelopment and business and industrial use with reference to constraints which are to be addressed and mitigated.
- ***Policy Monitoring (Page 55)***  
This makes reference to where it is anticipated further work or updates are required to improve the performance of specific policies.
- ***Preparation of Supplementary Planning Guidance (Page 61)***  
Identifies where new Supplementary Planning Guidance needs to be prepared or where existing guidance needs to be updated.
- ***Preparation of Planning Briefs (Page 63)***  
Makes reference to planning briefs and masterplans to be prepared in relation to allocated sites within the LDP.
- ***Development Monitoring (Page 68)***  
Makes reference to other research projects and surveys carried out to monitor the performance of the LDP.

## Abbreviations and Acronyms

1.9 Where identified lead partners and participants have been included within the document, the abbreviations and acronyms listed below are used. It should be noted it is likely that the newly established South of Scotland Enterprise will become involved in the implementation of some projects, most likely the delivery of business and industrial sites, once their role and key projects are confirmed

|         |  |
|---------|--|
| HES     | Historic Environment Scotland                |
| HSE     | Health and Safety Executive                  |
| NHS     | National Health Service                      |
| RSL     | Registered Social Landlord                   |
| SBC     | Scottish Borders Council                     |
| SE      | Scottish Enterprise                          |
| SEPA    | Scottish Environment Protection Agency       |
| SEStran | South East of Scotland Transport Partnership |
| SG      | Scottish Government                          |
| SNH     | Scottish Natural Heritage                    |
| SW      | Scottish Water                               |

## 2. KEY STRATEGIC PROJECTS AND MAJOR INFRASTRUCTURE PROPOSALS

2.1 A number of key projects and major infrastructure proposals will help enable the implementation of the Local Development Plan. Table 1 identifies the main projects planned which will help achieve this, it should be noted that some of these are aspirational. The lead partner/participants for each project are identified in bold.

**TABLE 1: KEY STRATEGIC PROJECTS AND MAJOR INFRASTRUCTURE PROPOSALS**

| PROJECT                                       | DESCRIPTION/ REQUIREMENT/ PROGRESS  | TIMESCALE                       | LEAD PARTNER/<br>PARTICIPANTS   |
|---|---|---------------------------------|---------------------------------|
| <b>EDUCATION</b>                              |   |                                 |                                 |
| Review of Galashiels Primary School Provision | The Council is undertaking a review of the Galashiels Primary School catchment areas with a view to some significant redevelopment of the school portfolio in the area in response to significant issues regarding Primary Schools within Galashiels. The identification for a site for Social, Emotional and Behavioural Needs pupils may also be required.<br><br>This review is currently ongoing. | Ongoing                         | <b>SBC</b>                      |
| Peebles Primary School Capacity               | Consider options to accommodate envisaged likely increase in number of pupils.  | Ongoing                         | <b>SBC</b>                      |
| Reston Primary School Capacity                | Consider options to accommodate envisaged likely increase in number of pupils.  | Ongoing                         | <b>SBC</b>                      |
| High School Review                            | Consider options for potential new High Schools in Galashiels, Hawick, Selkirk and Peebles.<br><br>On the 26 <sup>th</sup> April 2018, Elected Members approved the creation of Individualised Strategic Plans for Galashiels Academy, Hawick High School, Peebles High School and Selkirk High School. This work continues to be ongoing within the Education Department at SBC.                     | Ongoing                         | <b>SBC</b>                      |
| Jedburgh Intergenerational Community Campus   | Planning consent has been granted for a new Intergenerational Community Campus in Jedburgh, which will replace the existing Jedburgh Grammar School, Howdenburn Primary School and Parkside Primary School.<br><br>Work has commenced on site and it is expected to open towards the end of 2020.   | 2020 Work has commenced on site | <b>SBC, Scottish Government</b> |
| <b>TRANSPORT INFRASTRUCTURE</b>               |   |                                 |                                 |
| Peebles Bridge                                | Proposal for second bridge crossing to reduce traffic flow and alleviate congestion in the town centre and on the current bridge. This would allow the opportunity for development  | Unknown                         | <b>SBC, SG</b>                  |

|                                       |   |           |   |
|---------------------------------------|---|-----------|---|
|                                       | <p>to the south of Peebles.</p> <p>Longer term development in the town will be required to contribute towards a second river crossing based on projected costs. At this point in time there is no definitive date as to when the new bridge might be constructed and a feasibility study must be prepared in advance. In this interim period development sites need to contribute towards improving traffic management in and around the town centre and/or towards the funding of transport appraisal work for the town.</p> |           |   |
| Reston Station                        | <p>New railway station on the East Coast Main Line at Reston. A STAG2 appraisal of a new station at Reston has been carried out and TS/ELC has now committed to delivery by 2023/2024.</p> <p>There is policy support for a new Reston Station within Policy IS4.</p>   | 2023/2024 | <b>Network Rail, SG, SBC, Scotrail, SEStran</b> |
| Dualling of A1 (T)                    | <p>Aspirational dualling of part of A1 to improve links to the north and south.</p> <p>There is policy support for the dualling of the A1 within Policy IS4.</p>  | Unknown   | <b>SG, SBC, SEStran</b>                         |
| Extending Borders railway to Carlisle | <p>Aspirational longer term link through the Scottish Borders to Carlisle. There is funding for a feasibility study into the extension of the Borders Railway, as part of the Borderlands Growth Deal.</p> <p>There is policy support for the extension of the Borders Railway Line to Carlisle.</p>  | Unknown   | <b>Network Rail, SG, Scotrail, SBC</b>          |
| A7 (T) Selkirk Bypass                 | <p>Aspirational bypass on eastern side of Selkirk to ease congestion and improve traffic flows.</p> <p>There is policy support for the Selkirk bypass within Policy IS4.</p>  | Unknown   | <b>SG, SBC, SEStran</b>                         |
| Dalatho Bridge, Peebles               | <p>Requirement for another bridge crossing linking Kingsland Square to Dalatho Street to be brought forward within a future planning application.</p> <p>This bridge is required in order to allow allocations to the north of the settlement.</p>  | Unknown   | <b>SBC</b>                                      |
| Lowood Bridge supplement/replace      | <p>Aspirational replacement/supplement bridge in order to ease traffic congestion. Further work is required into the feasibility of the bridge.</p> <p>There is policy support for a replacement/supplement Lowood Bridge.</p>  | Unknown   | <b>SBC</b>                                      |
| <b>MAIN ROAD IMPROVEMENTS</b>         |   |           |   |
| A68 (T)                               | <p>The Soutra to Oxtou improvement scheme will be considered for progression during the Scottish Governments next spending review.</p>  | Unknown   | <b>SG, AMEY, SBC</b>                            |

|   |  |  |                      |
|---|--|--|----------------------|
|   | General road improvements.   |  |                      |
| A72   | General road improvements.   |  |                      |
| A697  | General road improvements.   | Ongoing                                    | <b>SBC</b>           |
| A698  | General road improvements.   | Ongoing                                    | <b>SBC</b>           |
| A699  | General road improvements.   | Ongoing                                    | <b>SBC</b>           |
| A701  | General road improvements.   | Ongoing                                    | <b>SBC</b>           |

| A703  | General road improvements.   | Ongoing                                    | <b>SBC</b>           |
| A6105   | General road improvements.   | Ongoing                                    | <b>SBC</b>           |
| A7 (T)  | General road improvements.   | Ongoing                                    | <b>SBC, AMEY</b>     |
| Proposed new roundabout at Easter Langlee   | New roundabout to improve the flow of traffic in the Easter Langlee area of Galashiels.  | Unknown                                    | <b>SBC</b>           |
| Improvements to Weak Bridges  | Works to strengthen and remove/limit restriction.  | Ongoing                                    | <b>SBC</b>           |
| <b>FLOODING IMPLEMENTATION PROGRAMME</b>  |  |  |                      |
| Hawick (Short/ Medium term 2 – 5 years)   | The scheme's detailed design has been approved, advanced works are ongoing and construction is due to commence in February 2020. | Construction scheduled between 2020 - 2022 | <b>SBC, SG, SEPA</b> |
| <p>Note: Flood risk is now managed in a risk based, plan-led approach. Scotland has been split into 14 local plan districts. Each lead local authority has developed a Local Flood Risk Management Plan based on the Flood Risk Management Strategy developed by SEPA; Scottish Borders Council are the lead local authority for the Tweed catchment. This determines how flood risk is managed in the 2016 - 2022 planning cycle. Scottish Borders Council during this period have delivered the Peebles Flood Study, Broughton Flood Study, Innerleithen Flood Study, Newcastleton Flood Study, Earlston Flood Study and Surface Water Management Plans for Peebles, Galashiels and Newcastleton. SBC will also deliver the Berwickshire Coast Shoreline Management Plan, Eyemouth Coastal Study, Hawick Natural Flood Management Study, Galashiels Natural Flood Management Study and Hawick Surface Water Management Plans within this cycle.</p> |  |  |                      |

| <b>WATER/WASTE WATER</b>   |  |         |                      |
|--|--|---------|----------------------|
| Growth projects and upgrades within various settlements.   | Ensure water and waste water infrastructure upgrades are carried out to allow delivery of allocated sites.   | Ongoing | <b>SW, SEPA</b>      |
| <b>GREEN NETWORKS</b>  |  |         |                      |
| Central Borders (Galashiels – Selkirk – Earlston – Melrose – Newtown St Boswells – St Boswells) and Peebles area | Green network throughout the Central Borders area. The Strategic Green Network also takes in the Peebles area. Projects include the Eddleston River Restoration Project and the Completion of the Earlston to Leaderfoot Multi Use Path. | Unknown | <b>SBC, Sustrans</b> |

### 3. KEY AREAS FOR CO-ORDINATED ACTION WITHIN SETTLEMENTS

3.1 Whilst several actions may be required in order to encourage development in settlements across the Scottish Borders, Table 2 identifies key areas where considerable co-ordinated action is needed to ensure development can be delivered. The lead partner/ participants for each proposal are identified in bold.

**TABLE 2: KEY AREAS FOR CO-ORDINATED ACTION WITHIN SETTLEMENTS**

| SETTLEMENT          | ACTION  | TIMESCALE | LEAD PARTNER/<br>PARTICIPANTS                                |
|---------------------|---|-----------|--|
| Eyemouth            | Regeneration, business and industrial land and housing.   | Ongoing   | <b>SBC, Developer</b> , NHS, SE, SEPA                        |
| Galashiels          | Regeneration, education and housing linked to the promotion of Borders Railway.                                 | Ongoing   | <b>SBC, Developer</b> , Scotrail, SW, SEPA, Network Rail, SG |
| Hawick              | Housing, education, regeneration and business and industrial land.  | Ongoing   | <b>SBC, Developer</b> , NHS, SEPA, SE                        |
| Kelso               | Housing and business and industrial land.   | Ongoing   | <b>SBC, Developer</b> , SW, NHS, SEPA                        |
| Newtown St Boswells | Housing, roads, school, regeneration and health services.   | Ongoing   | <b>SBC, Developer</b> , SEPA, SW, NHS                        |
| Peebles             | Housing, business and industrial land, school capacity and road infrastructure.                                 | Ongoing   | <b>SBC, Developer</b> , SW, SG, SE, SEPA                     |
| Reston              | Railway, housing and school capacity.   | Ongoing   | <b>SBC, Network Rail, Developer</b> , SW, Scotrail, SG, SEPA |
| Tweedbank           | Housing, business and industrial land and tourism opportunities linked to the promotion of the Borders Railway. | Ongoing   | <b>SBC, Network Rail</b> , Scotrail, SG, Visit Scotland, SE  |

## 4. DEVELOPMENT OF ALLOCATED SITES WITHIN THE LOCAL DEVELOPMENT PLAN

---

- 4.1 To ensure development of allocated sites within the Plan (referred to in tables as LDP2), a range of constraints may need to be addressed and mitigated. Table 3 identifies where more significant site constraints need to be resolved such as flood risk, educational capacity issues and infrastructure constraints. It should be noted that Table 3 only includes the following allocated sites:
- Housing – where the site capacity is greater than 10 units
  - Redevelopment – sites with a site area greater than 0.5 hectares
  - Mixed use – all mixed use sites
  - Business and industrial use – where the site remains undeveloped
- 4.2 There may be other minor constraints which may also need to be addressed but these are generally less onerous to resolve than those identified in Table 3. These are included within the site requirements in the settlement profiles in Volume 2 of the LDP. The lead partner/ participants for each proposal are identified in bold.
- 4.3 For each site within Table 3, there are progress notes. These contain information, for example, extant planning consent on the site, development progress on the site and whether the site is included within the SHIP. The progress on each housing allocation is based on the information held within the 2019 Housing Land Audit (HLA), this is reviewed and updated annually. The progress on each business and industrial allocation is based on the information held within the 2019 Employment Land Audit (ELA).
- 4.4 NHS Borders are a key consultee within the Local Development Plan process. As part of the consultation process, NHS Borders have not submitted site or settlement specific comments. However NHS Borders have stated there is a need to ensure that new housing development goes hand in hand with the provision of a range of community facilities when this is practicable and reasonable. They state that planning permission for housing development should only be granted where there are associated proposals to provide any necessary health and other community facilities relative to the impact and scale of development proposed. Development involving the loss of valuable health or other community facilities should not be allowed, unless appropriate alternative provision is to be made. It may be appropriate to seek contributions for such provision on a case by case basis.
- 4.5 Regular meetings are held with both Scottish Water and SEPA to discuss site and settlement issues. Where comments have been received these have been incorporated within the site requirements in the LDP. Some settlements within the Scottish Borders have water and wastewater capacity issues which are being prioritised and addressed through Scottish Water’s Growth Capital Expenditure Programme.

**TABLE 3: DEVELOPMENT OF ALLOCATED SITES**

**BERWICKSHIRE HOUSING MARKET AREA**

| Settlement | Site Name          | Site Code | Type      | Main Actions/Progress   | Timescale | Lead Partner/Participants |

|                  | <p>The railway terminal for the Borders Railway is located at Tweedbank and the village is therefore seen as an appropriate location for growth. The Blueprint for the Borders Railway seeks to ensure economic development opportunities are maximised along the railway corridor. The Proposed LDP seeks to promote these opportunities. The allocated site for mixed use development at Lowood (MTWEE002) provides an opportunity for a range of uses with excellent development opportunities given its attractive setting, its proximity to the railway station and its location within an area with an established housing market demand. A Masterplan, produced in 2017, sets out some initial ideas which are being developed further through the preparation of Supplementary Planning Guidance. The Central Borders Innovation Park is one of the most successful business and industrial areas in the Scottish Borders. It is well located in terms of roads and footway access and is ideally placed to capitalise on the opportunities brought by the Borders Railway. Supplementary Guidance and a Simplified Planning Zone seek to enable development at this location.</p> |                  |                         |   |                  |                                  |
|                  | Site East of   | MTWEE001         | Mixed Use               | <ul style="list-style-type: none"> <li>N/A</li> </ul>   | Unknown          | <b>Developer</b>                 |

## 5. POLICY MONITORING

- 5.1 All the policies contained within the Local Development Plan will be monitored throughout the Plan period in order to evaluate performance within the planning application decision making process. This evaluation will help establish which policies need to be amended, updated, merged, removed, where new policies are required and where further guidance is needed to improve the performance of a specific policy.
- 5.2 Although all policies are monitored, the policies in Table 4 have been highlighted to assess where further improvements are necessary as part of future reviews of the Local Development Plan. There are also a number of new policies which will require to be monitored to assess their effectiveness. The lead partner/ participant is identified in bold.

**TABLE 4: POLICY MONITORING**

| Policy   | Action  | Timescale | Lead Partner/ Participants |
|--|---|-----------|----------------------------|
| <b>Placemaking and Design (PMD)</b>  |   |           |                            |
| Delivering sustainable development and ensuring high quality design for all development via good placemaking principles are key themes throughout the LDP. This policy section promotes low carbon technologies and economic growth whilst protecting the built and natural intrinsic qualities of the Scottish Borders. Good design is at the heart of sustainable communities. The Plan acknowledges that quality design is not just about the aesthetic improvement of the environment, but is as much about improved quality of life, equality of opportunity and economic growth. |   |           |                            |
| <b>Policy PMD2</b><br>Quality Standards  | Placemaking and Design is a core element of the Plan and the performance of the standards set out within this policy will continue to be monitored.<br><br>There is Supplementary Planning Guidance (SPG) for Placemaking and Design (2010) and it is intended that this will be updated as part of the LDP2 Plan period. It is proposed that SPG on Sustainability and Climate Change will also be produced as part of the LDP2 Plan period. | Ongoing   | <b>SBC</b>                 |
| <b>Policy PMD3</b><br>Land Use Allocations   | Placemaking and Design is a core element of the Plan and the delivery of allocations set out in this policy will continue to be monitored.<br><br>There is Supplementary Planning Guidance (SPG) for Placemaking and Design (2010) and it is intended that this will be updated as part of the LDP2 Plan period.  | Ongoing   | <b>SBC</b>                 |

| <b>Economic Development (ED)</b>  |   |         |                               |
|---|---|---------|-------------------------------|
| <p>This policy section seeks to ensure the identification, safeguarding and delivery of a sufficient supply of business and industrial land taking account of market demands and existing infrastructure. As required by the Blueprint for the Border Railway opportunities are promoted along the railway corridor. Support is given to a wide range of renewable energy proposals within appropriate locations and criteria tests are laid down for considering a wide range of development types within rural areas.</p> |   |         |                               |
| <b>Policy ED1</b><br>Protection of Business and Industrial Land   | Monitor the performance of the ‘high amenity business sites’ and ‘business and industrial sites’ and continue to monitor the land uptake and supply through the annual Employment Land Audit.                                     | Annual  | <b>SBC, SE,</b><br>landowners |
| <b>Policy ED3</b><br>Town Centres and Shopping Development  | Continue to monitor the vitality and viability of town centres including annual footfall surveys, number of vacant units, length of vacancy and the mix of uses within town centres.  | Annual  | <b>SBC</b>                    |
| <b>Policy ED4</b><br>Core Activity Areas in Town Centres  | Monitor the performance of the updated policy which allows more flexibility of the range of uses allowed within the Core Activity Areas.  | Annual  | <b>SBC</b>                    |
| <b>Policy ED5</b><br>Regeneration   | Identify any issues regarding the development of allocated redevelopment sites and non-allocated brownfield sites.<br><br>Continue to monitor redevelopment sites as part of the Vacant and Derelict Land Survey (VDLS) annually. | Ongoing | <b>SBC</b>                    |
| <b>Policy ED6</b><br>Digital Connectivity   | Monitor the effectiveness of this policy to promote and improve digital connectivity throughout the Borders.  | Ongoing | <b>SBC</b>                    |
| <b>Policy ED9</b><br>Renewable Energy Development   | Ongoing monitoring of the effectiveness of this policy.   | Ongoing | <b>SBC, SNH,</b><br>SEPA      |
| <b>Policy ED11</b><br>Safeguarding of Minerals Deposits   | The Strategic Development Plan requires the preparation of a Minerals Area of Search Map and it is intended that Supplementary Planning Guidance on this subject will be produced.  | Ongoing | <b>SBC, SNH</b>               |
| <b>Policy ED12</b><br>Mineral and Coal  | The Strategic Development Plan requires the preparation of a Minerals Area of Search Map and it is intended that Supplementary Planning Guidance on this subject will be produced.  | Ongoing | <b>SBC, SNH</b>               |

|   |  |  |  |
|---|--|--|--|
| Extraction  |  |  |  |
| <b>Housing Development (HD)</b>   |  |  |  |
| This section also lays down policy tests for determining planning applications for housing in the countryside, striking the balance between supporting proposals in rural areas where appropriate whilst also safeguarding the attractive Scottish Borders landscape.   |  |  |  |
| <b>Policy HD1</b><br>Affordable Housing Delivery  | Ongoing monitoring of affordable housing completions and the delivery mechanism, against the affordable housing requirement. Continue to monitor the land supply and completions through the annual Housing Land Audit (HLA).<br><br>There is existing Supplementary Planning Guidance on Affordable Housing (2011) and this is proposed to be updated throughout the LDP2 period.   | Ongoing<br><br>HLA undertaken annually | <b>SBC</b> ,<br>landowners,<br>developers,<br>RSLs |
| <b>Policy HD2</b><br>Housing in the Countryside   | There is existing Supplementary Planning Guidance on Housing in the Countryside (2008) and this is proposed to be updated throughout the LDP2 period.<br><br>Continue to monitor the approvals for housing in the countryside against Policy HD2 and the relevant SPG.   | Ongoing                                | <b>SBC</b>   |
| <b>Policy HD4</b><br>Further Housing Land Safeguarding  | Continue to monitor the five year effective housing land supply, as part of the annual Housing Land Audit (HLA) process.   | Ongoing<br><br>HLA undertaken annually | <b>SBC</b> ,<br>landowners,<br>developers,<br>RSLs |
| <b>Policy HD6</b><br>Housing for Particular Needs   | Monitor the effectiveness of this new policy to ensure the provision of housing for particular needs throughout the Scottish Borders.<br><br>There is existing Supplementary Planning Guidance on Affordable Housing (2011) and this is proposed to be updated throughout the LDP2 period. It is also intended to produce Supplementary Planning Guidance on Planning for Disabilities/Wheelchair Needs' as part of the LDP2 Plan period, to sit alongside Policy HD6. | Ongoing                                | <b>SBC</b>   |
| <b>Environmental Promotion and Protection (EP)</b>  |  |  |  |
| This policy section places an emphasis on placemaking and design in relation to new development. It confirms the various landscape, natural environment and nature conservation designations within the Scottish Borders and lays down a range of criteria tests to be applied to ensure their protection and/or any potential appropriate mitigation measures. |  |  |  |

|  |   |         |                                 |

| <b>Policy EP11</b><br>Protection of Greenspace   | Monitor how effective formal allocations of safeguarded green spaces are in practice.<br><br>There is Supplementary Planning Guidance on Green Space (2009) and it is intended that this will be updated as part of the LDP2 period.  | Ongoing                                    | <b>SBC</b>                               |
| <b>Policy EP12</b><br>Green Networks   | As part of Policy EP12, it is proposed that Supplementary Planning Guidance (SPG) is produced for Green Networks, which will support the delivery of green networks.  | Ongoing                                    | <b>SBC,</b><br>developers,<br>landowners |
| <b>Policy EP13</b><br>Trees, Woodlands and Hedgerows   | There is Supplementary Planning Guidance on Trees and Development (2008) and it is intended that this will be updated as part of the LDP2 Plan period.  |  |  |
| <b>Policy EP17</b><br>Food Growing and Community Growing Spaces  | Monitor the effectiveness of this new policy which aims to support the development of new or extended food growing areas.   | Ongoing                                    | <b>SBC</b>                               |
| <b>Infrastructure and Standards (IS)</b>   |   |  |  |
| This policy section covers a wide range of requirements and standards which applications must address where relevant. It confirms, for example, road adoption standards, parking provision, infrastructure requirements and contamination issues to be addressed. Flood risk is a major constraint to be considered and the LDP has been prepared and consulted upon with relevant bodies to ensure no new development will be at flood risk or that flood risk is increased elsewhere. The LDP confirms a series of Flood Protection Schemes and studies. |   |  |  |
| <b>Policy IS2</b><br>Developer Contributions & Policy IS3<br>Developer Contributions related to the Borders Railway  | There is Supplementary Planning Guidance (SPG) on Development Contributions (2013) and it is intended that this will be updated throughout the LDP2 period. It should be noted that the developer contribution rates are annually indexed in line with RPI and BCIS rates.<br><br>Continue to monitor and update the types of developer contributions being sought. Continue to apply annual indexation to developer contributions for education and the Borders Railway. | Ongoing<br><br>Indexation applied annually | <b>SBC,</b><br>developers,<br>landowners |
| <b>Policy IS4</b>  | Preparation of Supplementary Planning Guidance (SPG) on Sustainability and Climate Change to accompany  | Ongoing                                    | <b>SBC</b>                               |

|  |   |  |            |
|--|---|--|------------|
| Transport Development and Infrastructure             | Policy IS4. The SPG is likely to cover a range of subjects taking on board the findings of the Council's 'Sustainable Development Committee'. This will include, for example, reference to the requirement for infrastructure to provide electric car charging points, either through electrical connections adjacent to/within private driveways, or through infrastructure for the installation of charging points within communal car parking areas. |  |            |
| <b>Policy IS13</b><br>Contaminated and Unstable Land | Monitor planning applications & liaise with case officers and EH to ensure appropriate conditions/controls are applied.<br><br>Continue to monitor sites as part of the Vacant and Derelict Land Survey (VDLS) annually.  | Ongoing<br><br>The VDLS is undertaken annually | <b>SBC</b> |
| <b>Policy IS18</b><br>Cemetery Provision             | Monitor the effectiveness of this new policy to protect existing cemeteries and support the development of new cemeteries.  | Ongoing  | <b>SBC</b> |

## 6. SUPPLEMENTARY PLANNING GUIDANCE

- 6.1 In addition to the Local Development Plan, more detailed advice is often required to help improve and enable the planning application decision making process. This currently takes the form of Supplementary Planning Guidance (SPG). Once approved, SPG will form a non-statutory part of the Scottish Borders Local Development Plan and will be a material consideration in the processing of planning applications.
- 6.2 Table 5 sets out the proposed Supplementary Planning Guidance the Council aims to produce in consultation with input from other interested parties where necessary. The lead partner/ participant is identified in bold.

**TABLE 5: PREPARATION OF PROPOSED/ UPDATED SUPPLEMENTARY PLANNING GUIDANCE**

| <b>TITLE OF SUPPLEMENTARY PLANNING GUIDANCE</b> | <b>REQUIREMENT FOR SUPPLEMENTARY PLANNING GUIDANCE</b>  | <b>LEAD PARTNER/ PARTICIPANTS</b> |
|---|---|-----------------------------------|
| Affordable Housing                              | A periodic update of existing Supplementary Planning Guidance.  | <b>SBC</b>                        |
| Biodiversity                                    | An update of the existing Supplementary Planning Guidance.  | <b>SBC</b>                        |
| Countryside Around Towns                        | Review of current Supplementary Planning Guidance adopted in 2011 to monitor its effectiveness in practice and make any necessary amendments arising from the LDP process.  | <b>SBC, SNH</b>                   |
| Dark Skies                                      | This new Supplementary Planning Guidance will provide guidance on good lighting practice in order to protect the quality of the dark sky.   | <b>SBC</b>                        |
| Development Contributions                       | A periodic update of existing Supplementary Planning Guidance.  | <b>SBC, SW</b>                    |
| Green Networks                                  | This new Supplementary Planning Guidance will provide guidance on green networks including routes identified in the LDP.  | <b>SBC, SNH</b>                   |
| Greenspace                                      | This Supplementary Planning Guidance will replace the existing Green Space Supplementary Planning Guidance.   | <b>SBC</b>                        |
| Historic Environment                            | This new Supplementary Planning Guidance will offer guidance in respect of the historic built environment and will be a material consideration in the determination of relevant planning applications.            | <b>SBC, HES</b>                   |
| Landscape and Development                       | An update of the existing Supplementary Planning Guidance.  | <b>SBC</b>                        |
| Minerals  | This new Supplementary Planning Guidance will incorporate a spatial strategy showing areas of protection and areas of search and will confirm good planning practice and issues to be addressed when applications | <b>SBC, SNH</b>                   |

|   |   |   |
|---|---|---|
|   | for minerals are submitted.   |   |
| New Housing in the Borders Countryside  | An update of the existing Supplementary Planning Guidance.  | <b>SBC</b>                              |
| Placemaking and Design  | The existing Supplementary Planning Guidance will be updated to incorporate privacy and sunlight standards and advice regarding alterations and extensions for householders.  | <b>SBC</b>                              |
| Planning for Particular Needs Housing   | This new Supplementary Planning Guidance will provide further guidance on a range of housing for particular needs including accessible and adapted housing; wheelchair/disabled housing; supported accommodation; extra care housing; student accommodation and gypsy/travellers and travelling show people.                    | <b>SBC</b>                              |
| Sustainability and Climate Change   | This new Supplementary Planning Guidance will promote the positive role of sustainable development and provides guidance on adapting to and mitigating the impacts of climate change. The SPG will also include, for example, the required provision for electric vehicle charging points to be incorporated into developments. | <b>SBC</b>                              |
| Trees and Development   | An update of the existing Supplementary Planning Guidance.  | <b>SBC</b>                              |
| Tweedbank – Vision for Growth and Sustainability, a Community for the Future (Lowood) | This new Supplementary Planning Guidance will set out a vision for the development of the mixed use site at Lowood, Tweedbank.  | <b>SBC, LUC</b><br>External Consultants |

## 7. PLANNING BRIEFS

- 7.1 The preparation of Planning Briefs for substantial land allocations is proposed to assist development of key sites brought forward in the Local Development Plan. Briefs indicate how sites are to be laid out, including arrangements for access, and provide guidance on any special considerations with regard to design and environmental constraints. All planning briefs will be prepared by Scottish Borders Council in consultation with other interested parties, Table 6 details where it is intended that a Planning Brief will be produced for a site. It may be that existing approved planning briefs will need to be reviewed if they are considered to be out dated in light of new issues or constraints which may emerge relating to the site. The list of proposed Planning Briefs will be monitored and any such sites will be added to the table accordingly.
- 7.2 It should be noted that the potential Longer Term sites identified within the Proposed Plan are subject to review as part of the Local Development Plan process.

### TABLES 6A to 6E: PREPARATION OF PLANNING BRIEFS/ MASTERPLANS

#### TABLE 6A - HOUSING SITES

| SETTLEMENT   | SITE CODE             | SITE NAME                       | GENERAL COMMENTS  | LEAD PARTNER/<br>PARTICIPANTS |
|--------------|-----------------------|---------------------------------|---|-------------------------------|
| Coldstream   | ACOLD011 and ACOLD014 | Hillview North (Phases 1 and 2) | A Planning Brief is to be produced for these two adjoining housing sites with a total capacity of 200 units. The Brief must address potential flood risk within the site, connectivity through BCOLD001 and new structure planting. | <b>SBC</b>                    |
| Darnick      | ADARN005              | Land South of Darnlee           | A Brief is to be prepared of this housing allocation of 10 units. The brief will set out the need for a high standard of design and details regarding vehicular access and site setting.  | <b>SBC</b>                    |
| Hawick       | AHAWI027              | Burnfoot (Phase 1)              | The Planning Brief for this housing allocation with an indicative capacity of 60 units should provide guidance on the design and layout of the site in line with the principles of 'Designing Streets'.                             | <b>SBC</b>                    |
| Innerleithen | AINNE004              | Kirklands/ Willowbank II        | The Brief for this 7.8ha housing site must address site access, new woodland planting and flood risk within the site.   | <b>SBC</b>                    |

|            |                    |  |  |            |
|------------|--------------------|--|--|------------|
| Kelso      | AKELS026           | Nethershot (Phase 2)                           | A Planning Brief for this 6.3ha housing site with a capacity of 100 units should also include future phases of development to the west (SKELS004). Pedestrian and cycle links to be provided to Kelso High School. | <b>SBC</b> |
| Peebles    | APEEB056           | Land South of Chapelhill Farm                  | A 7ha housing allocation for 150 units to the north of Peebles. Brief to consider the Eddleston Water, landscaping and archaeological evaluation.  | <b>SBC</b> |
| Peebles    | APEEB044           | Rosetta Road                                   | To be undertaken, if the planning consent is not implemented.  | <b>SBC</b> |
| Walkerburn | TW200 and AWALK005 | Caberston Farm Land and Caberston Farm Land II | Two adjoining housing sites with a total capacity of 130 units. Consideration should be given to access through the sites, new woodland planting and flooding within the Planning Brief.                           | <b>SBC</b> |

**TABLE 6B - BUSINESS AND INDUSTRIAL SITES**

| <b>SETTLEMENT</b>   | <b>SITE CODE</b>                | <b>SITE NAME</b>  | <b>GENERAL COMMENTS</b>  | <b>LEAD PARTNER/<br/>PARTICIPANTS</b> |
|---------------------|---------------------------------|---|--|---------------------------------------|
| Earlston            | BEARL002                        | Townhead  | Development of this 4.6ha business and industrial site which is located off the A6105 should ensure that the existing setting and entrance to village are not adversely impacted upon.   | <b>SBC</b>                            |
| Hawick              | BHAWI001, BHAWI002 and BHAWI004 | North West Burnfoot, Gala Law North and Land to South of Burnhead | A single Planning Brief to cover three business and industrial allocations located to the north of Hawick with a total site area of 19.5ha.  | <b>SBC</b>                            |
| Newtown St Boswells | BNEWT001                        | Tweed Horizons Expansion  | The Planning Brief for this strategic high amenity business and industrial site must include a new access from the A68, Flood Risk Assessment and identification and response to the landscape sensitivities of the site and the wider National Scenic Area. | <b>SBC</b>                            |

**TABLE 6C - MIXED USE SITES**

| SETTLEMENT   | SITE CODE | SITE NAME                 | GENERAL COMMENTS   | LEAD PARTNER/<br>PARTICIPANTS |
|--------------|-----------|---------------------------|--|-------------------------------|
| Innerleithen | MINNE003  | Land West of Innerleithen | This 1.5ha mixed use allocation has an indicative capacity of 35 units. The planning brief for this site must ensure a mix of uses including housing, employment and/or commercial is developed on the site. There is an area identified within LDP2 for Business Use on the site.         | SBC                           |
| Selkirk      | MSELK002  | Heather Mill              | The Planning Brief for this 1.4ha mixed use allocation must set out a clear requirement to provide an element of employment land on part of the site to reflect its mixed use allocation. The setting of the Battle of Philiphaugh Battlefield should also be considered within the Brief. | SBC                           |

**TABLE 6D - REDEVELOPMENT SITES**

| SETTLEMENT | SITE CODE | SITE NAME                     | GENERAL COMMENTS   | LEAD PARTNER/<br>PARTICIPANTS |
|------------|-----------|-------------------------------|--|-------------------------------|
| Walkerburn | zR200     | Caberston Farm/ Old Mill Site | It is intended that the Planning Brief for this 1.9ha site should ensure retention and conversion of the historic buildings on the site however, this should not preclude an element of good quality modern build also taking place within the site. | SBC                           |

**TABLE 6E - LONGER TERM SITES AND MASTERPLANS**

| SETTLEMENT | SITE CODE                        | SITE NAME                | GENERAL COMMENTS  | LEAD PARTNER/<br>PARTICIPANTS |
|------------|----------------------------------|--------------------------|---|-------------------------------|
| Cardrona   | SCARD002 (Longer Term Mixed Use) | Land at Nether Horsburgh | This 23.8ha potential longer term mixed use site is located to the north of the existing settlement across the A72. The masterplan for this site must accommodate an element of business land and a | SBC                           |

|              |   |  |  |            |
|--------------|---|--|--|------------|
|              |   |  | potential new primary school. The masterplan must also take into account any potential for setting impacts on the Nether Horsburgh Castle Scheduled Monument.  |            |
| Duns         | SDUNS001 (Longer Term Mixed Use)                                  | South of Earlsmeadow                                 | The masterplan for this potential longer term housing site of 16.1ha must include Provision for an events area to facilitate tourism events. The masterplan should also take cognisance of the Duns Scotus Way and make reference for the need to investigate the ground conditions. The wetland area close to the park will need to be treated with care to create an attractive wetland feature. | <b>SBC</b> |
| Earlston     | AEARL010, AEARL011 and SEARL006 (Housing & Longer Term Mixed Use) | East Turfford, Georgefield Site and Georgefield East | A masterplan to be produced for two adjacent sites to the east of Earlston with a total capacity of 160 units should be prepared. The masterplan should refer to key site considerations including flood risk, links to the adjoining potential longer term mixed use site (SEARL006) and evaluation/ mitigation of on-site archaeological features.   | <b>SBC</b> |
| Galashiels   | AGALA029 (Housing)  | Netherbarns  | A masterplan is to be produced for this 7.3ha housing allocation for 45 units.   | <b>SBC</b> |
| Galashiels   | SGALA005 and SGALA016 (Longer Term Housing)                       | Hollybush Valley                                     | The Hollybush areas will be subject to further assessment and will require a masterplan to allow their future consideration. The sites would form part of a new district for the settlement as it is separated from it by the Gala Hill woodland. High quality design is required to create its own identity.  | <b>SBC</b> |
| Greenlaw     | SGREE003 (Longer Term Housing)                                    | Halliburton Road                                     | A masterplan to be produced for this potential longer term housing site, to include; vehicular access points, improvements to pedestrian access and landscaping.   | <b>SBC</b> |
| Innerleithen | SINNE001 (Longer Term Housing)                                    | Kirklands II   | A masterplan to be produced for this potential longer term housing site, to include; vehicular access points, enhancement of the existing woodland, cognisance of the River Tweed SAC, flood risk and landscaping.   | <b>SBC</b> |

|                     |   |  |  |                       |
|---------------------|---|--|--|-----------------------|
| Newtown St Boswells | ANEWT005 (Housing)  | Newtown Expansion Area   | A masterplan to be produced for this housing allocation (ANEWT005) which covers 58ha and has an indicative site capacity for 900 units. The masterplan exercise should be undertaken in consultation with local communities and be submitted as a supporting document to a planning application.   | <b>Developer, SBC</b> |
| Kelso               | SKELS024 (Longer Term Housing)                                      | Nethershot   | A Planning Brief for this potential longer term housing site should include development of earlier phases at Nethershot (AKELS026).  | <b>SBC</b>            |
| Kelso               | SKELS005 (Longer Term Housing)                                      | Hendersyde   | A Planning Brief for this potential longer term housing site should take cognisance of earlier phases of development at Hendersyde (AKELS022). The effect of pipelines through the site must be considered.  | <b>SBC</b>            |
| Peebles             | SPEEB003, SPEEB004 and SPEEB005 (Longer Term Housing and Mixed Use) | South West of Whitehaugh / North West of Hogbridge / Peebles East (South of the River) | A masterplan to be provided for both Longer Term Housing sites (SPEEB003 and SPEEB004). A Masterplan to be provided (SPEEB005) for this 32.3ha potential longer term mixed use site located to south east of Peebles must include provision for housing, employment, potential new school site and recreation ground. The site should also allow for the potential for tourism facilities. | <b>SBC</b>            |
| Reston              | N/A   | Overall masterplan for the settlement  | As a result of the forthcoming railway station within the village it is considered an overall masterplan should be prepared which gives consideration to addressing potential issues, opportunities, constraints and identifies appropriate land uses.   | <b>SBC</b>            |

## 8. DEVELOPMENT MONITORING

8.1 In order to monitor how effective planning policy is operating in practice and to identify any issues which may need to be addressed as trends emerge, a wide range of audits and surveys are undertaken by the Council which can influence policy direction. These audits and surveys have a role to play in influencing the LDP process and are identified in Table 7. The lead partner/ participant is highlighted in bold.

**TABLE 7: DEVELOPMENT MONITORING**

| TITLE                           | PURPOSE OF REPORT/SURVEY  | FREQUENCY OF SURVEY/ AUDIT                               | LEAD PARTNER/ PARTICIPANTS |
|---------------------------------|---|--|----------------------------|
| Monitoring Report               | The main purpose of the Monitoring Report is to give consideration as to how effective planning policies have operated in practice since the LDP was adopted. It also examines a range of subjects and gives an evaluation on the progress of the policies and proposals within the LDP. The Report also helps inform the Main Issues Report. | Undertaken periodically. Latest version produced 2018.   | <b>SBC</b>                 |
| Housing Land Audit              | Undertaken to identify and monitor the established and effective housing land supply in order to meet the requirements of Scottish Planning Policy and to ensure an effective 5 year housing land supply within the Scottish Borders. The audit period runs from 1 <sup>st</sup> April – 31 <sup>st</sup> March.                              | Undertaken annually.                                     | <b>SBC</b>                 |
| Employment Land Audit           | Produced to monitor the supply, take up and status of business and industrial land in the Scottish Borders. The audit assesses the range of sites and locations for businesses and identifies the availability and constraints for each site.   | Undertaken annually.                                     | <b>SBC</b>                 |
| Vacant and Derelict Land Survey | This survey establishes the extent of vacant and derelict land and the amount which has been brought back into use. The output of the survey is sent to the Scottish Government annually in September/ October.   | Undertaken annually.                                     | <b>SBC</b>                 |
| Village Services Audit          | This audit identifies any changes in the provision of the key services/ facilities within villages.   | Undertaken periodically. Last audit carried out in 2016. | <b>SBC</b>                 |
| Retail Survey                   | The retail survey monitors vacancy rates and the current uses within town centre ground floor units.  | Undertaken biannually in June and December.              | <b>SBC</b>                 |
| Urban Capacity Study            | This study assess the potential for development within the main settlements and can be viewed as a method for responding to local housing needs as an urban regeneration tool.  | Undertaken periodically. Last study carried out          | <b>SBC</b>                 |

|                            |  |  |                             |
|----------------------------|--|--|-----------------------------|
|                            |  | in 2009.                                     |                             |
| Town Centre Health Checks  | These health checks assess town centre issues such as cleanliness, building condition, investor interest, availability and quality of open space, accessibility, public transport, signage, crime prevention measures, diversity of uses.  | Undertaken bi-annually in June and December. | <b>SBC</b>                  |
| Pedestrian Footfall Survey | Consultants carry out footfall surveys in nine town centres, taking pedestrian counts at fixed points. These surveys confirm where footfall has increased and decreased and are useful towards gaining indicators of changing vitality and viability within specific town centres. | Undertaken annually in September/October.    | <b>SBC &amp; Consultant</b> |
